HVAC COPPER BRASS AISI316 WAX/SAND CAST

There was a great deal of soldierly good fellowship

**Welcome, N-P-P METALS** was established in 2010, which lies in Yuhuan, the city of valves in china. The company is a private enterprise, specialized in all kinds of brass valve and fittings, integrated with technology, industry and trade.

Our company adopt advanced technology to produce all the products. We were accredited with ISO9001:2000, approved with FM. Also we've assisted our clients to get CSA,UL,FM approvals for some products. Our high quality and complete specification of products are popular in west Europe, North America, Australia and etc.

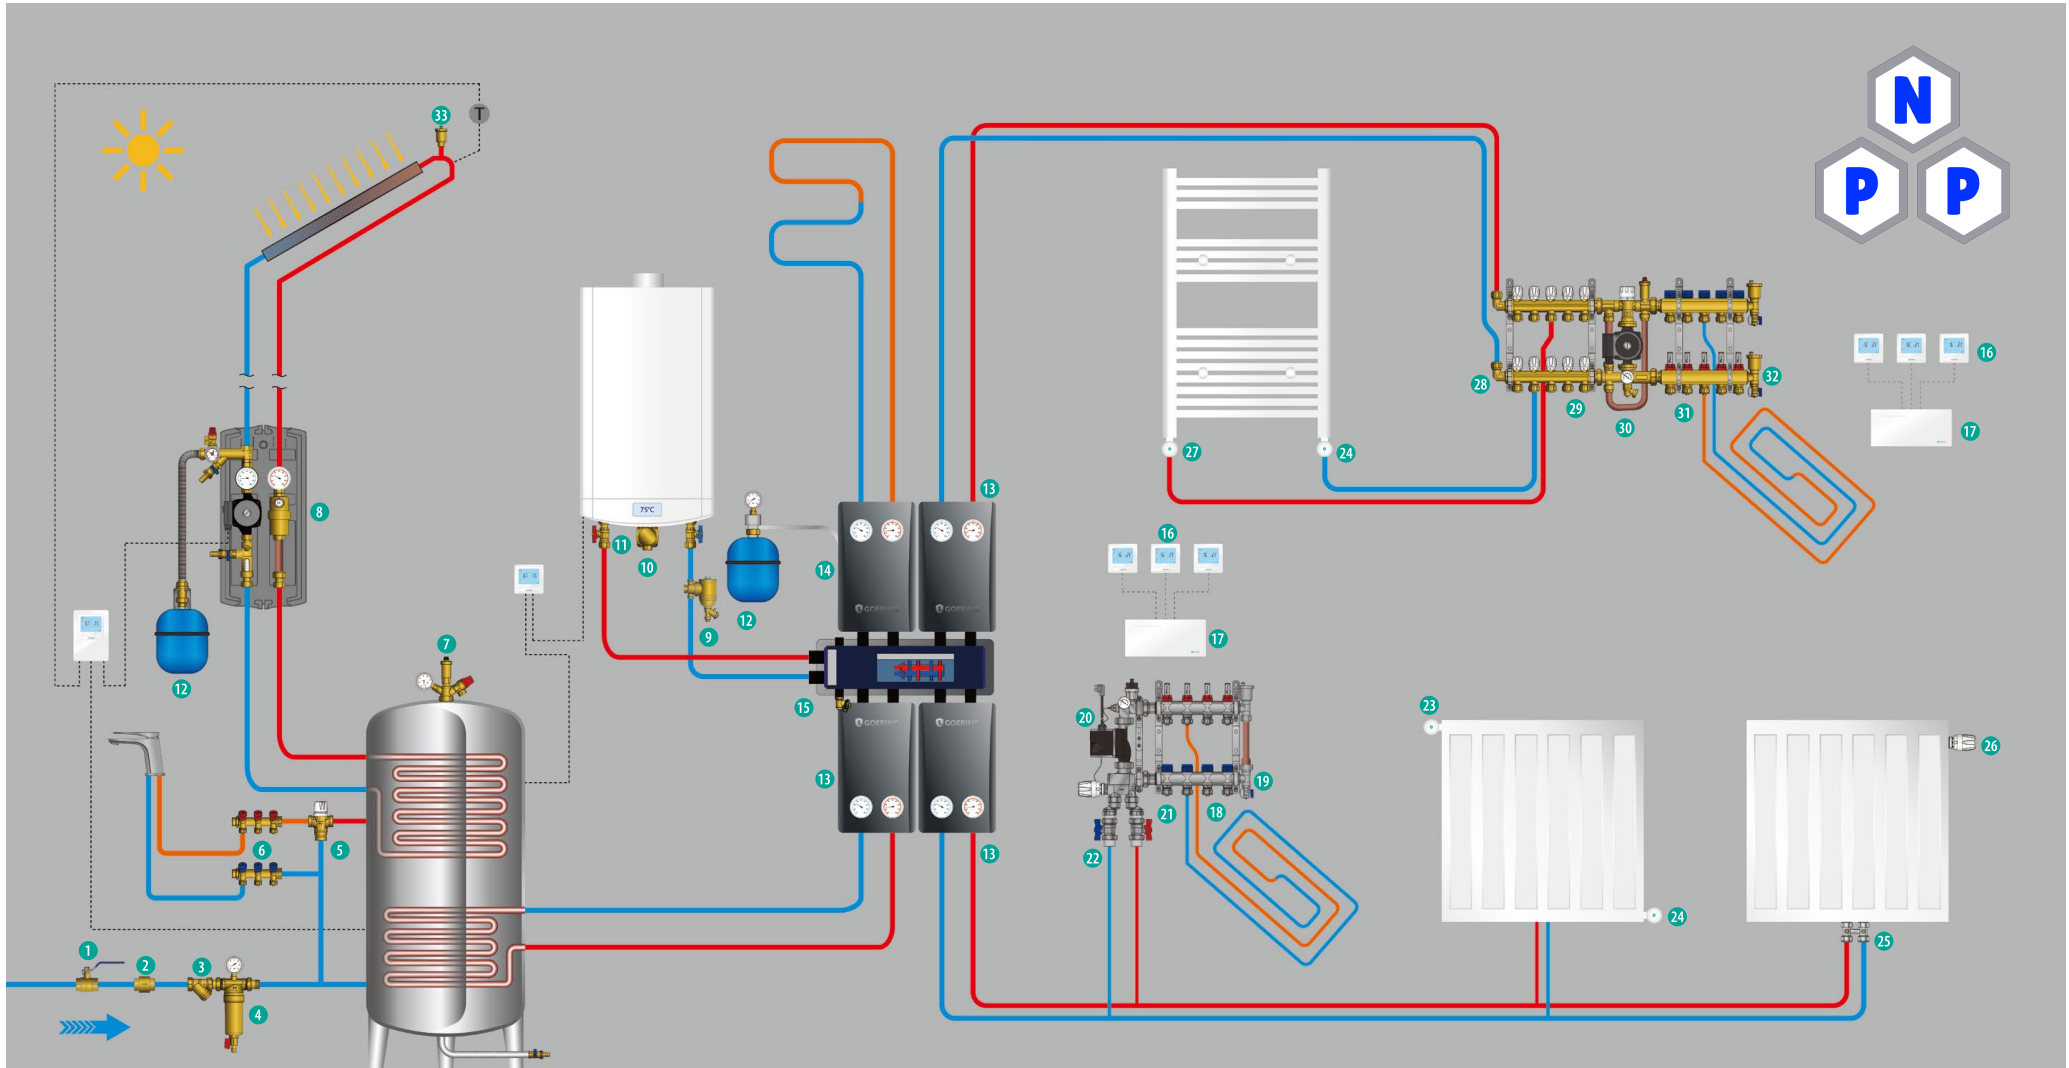

We always insist on our faith: "honesty is the base of business, quality is the life of factory." To build up company's brand & reputation and to serve all the clients with the warmest attitude, highest quality, best price and incessant creation spirit.
